Environment Details : Mobile			Module : Mobile Application			
Test ID	Test Description	Test procedure	Test Data	Expected Result	Actual Result	Status
BGA_BC1	Check the application show all suitable icons	1.open app 2.locate icons 3.locate eraser 4.locate blend 5.locate mystudio	application icons	Application should show all suitable icons	Application shows all suitable icons	Pass
BGA_BC2	Check the sticker field are present or not	1.open the app 2.locate stickers 3.click on stickers	valid stickers	Stickers field should be present	Sticker field is present	Pass
BGA_BC3	Check the my studio fuctionality works or not	1.open app 2.locate mystudio 3.click on mystudio	mystudio	My studio fuctionality should work	My studio fuctionality works	Pass
BGA_BC4	Check the my studio icon clickable or not	1.open app 2.locate mystudio 3.click on mystudio	my studio	My studio icon should be clickable	My studio icon is clickable	Pass
BGA_BC5	Check the blend icon clickable or not	1.open app 2.locate blend 3.click on blend	blend icon	Blend icon should be clickable	Blend icon is clickable	Pass
BGA_BC6	Check the background feature present or not	1.open blend 2.locate background 3.click on bg	Background(BG)	Background feature should be present	Background feature is present	Pass
BGA_BC7	Check Whether the stickers present are working or not	1.open the app 2.locate stickers 3.click on stickers	valid stickers	Stickers on the app should be working	Stickers on the app is not working	Fail
BGA_BC8	Check the text box field is present or not	1.open blend 2.select text	valid text	Text box field should be present	Text box field is present	Pass
BGA_BC9	Check whether the editing texts on the app should work as per specification	1.locate editing texts 2.locate on textbox 3.click on textbox	valid text	Editing texts on the app should work as per specification	Editing texts on the app doesnt work as per specification	Fail
BGA_BC10	Check whether eraser feature should be user friendly	1.locate text field 2.click on text field box 3.enter texts	eraser tool	Eraser feature should be user friendly	Erase feature is not user friendly	Fail
BGA_BC11	Check whether the contrast and opacity features should work properly	1.locate eraser 2.locate eraser feature 3.swipe eraser	valid image	Contrast and opacity features should work properly	Contrast and opacity features doesnt work properly	Fail
BGA_BC12	Check whether app should not crop unwanted images out of the gallery	1.open blend option 2.click on contrast field 3.click on opacity field	valid image	App should not crop unwanted images out of the gallery	App crops unwated images out of the gallery	Fail
BGA_BC13	Check whether crop the background should work properly	1.open app 2.edit options in the app 3.click on crop on image	valid image	Crop the background should work properly	Crop the background doesnt works	Fail
BGA_BC14	Check whether app should provide more features for background pictures as options	1.open app 2.select features on the app	valid background images	App should provide more features for background pictures as options	App doesnt provide features for background pictures as options	Fail
BGA_BC15	Check the crop of image present or not	1.open images 2.selecting pictures 3.select crop option	valid image	Crop of image should be present	Crop of image is present	Pass
BGA_BC16	Check whether selecting cropping of picture to crop images should work properly	1.open images 2.selecting pictures 3.select crop option	valid image	Selecting cropping of picture to crop images should work properly	Selecting cropping of picture to crop images is not working	Fail
BGA_BC17	Check whether app should not get hanged while editing the images	1.open images 2.select pictures fromm gallery 3.crop picture	valid image	App should not get hanged while editing the images	App gets hanged while editing the images	Fail
BGA_BC18	Check whether features like opacity,saturation should applicable to background image	1.open eraser 2.select images	valid background image	Features like opacity,saturation should applicable to background image	Features like opacity,saturation is not applicable to background image	Fail
BGA_BC19	Check whetherthe eraser option box opens or not	1.open application 2.select eraser	valid image	Eraser option box should open while clicking eraser	Eraser option box opens while clicking eraser	Pass
BGA_BC20	Check whether size and offset functionality should work	1.open eraser 2.select images	valid image	Size and offset functionality should work	Size and offset functionality is not working	Fail
BGA_BC21	Check whether the add photo functionality works or not	1.open blend 2.locate addphoto 3.click on addphoto	valid photo	Add photo functionality should work	Add photo functionality works	Pass
BGA_BC22	Check the flip feature works properly or not	1.open blend 2.locate flip 3.click on flip	valid image	Flip feature should works properly	Flip feature works	Pass
BGA_BC23	Check the share app icon works properly	1.open app 2.locate share app icon 3.select share app icon	share app icon	Share app icon should work properly	Share app icon works	Pass
BGA_BC24	Check the rate us icon works properly or not	1.locate rateus icon 2.select rateus icon	rateus icon	Rateus icon should work properly	Rateus icon works	Pass
BGA_BC25	Check the more apps icon navigates to page play store	1.locate moreapp icon 2.select moreapp	more app icon	More app icon should navigate to page playstore	More app icon navigates to page playstore	Pass
BGA_BC26	Check the scale and rotate parameters works properly	1.locate eraser 2.select eraser 3.select image	valid image	Scale and rotate parameters should work	Scale and rotate parameters works	Pass
BGA_BC27	Check the texts features on the app are selectable	1.locate eraser 2.select eraser 3.select image	valid image	Texts features on the app should be selectable	Text features on the app are selectable	Pass
BGA_BC28	Check the text field shows different types of font features	1.locate eraser 2.select eraser 2.select text filed	valid text	Textfield should show different types of font features	Text field shows different type of font features	Pass
BGA_BC29	Check the enhance feature selectable or not	1.locate eraser 2.select eraser 3.click on enhance	valid image	Enhance feature should be able to select	Enhance feature is able to select	Pass
BGA_BC30	Check the Editing text features present should be present	1.open application 2.locate blend 3.open blend 4.select texts icon	valid text	Editing texts features on the app should present	Editing texts feature on the app is not present	Fail
BGA_BC31	Check the overlay feature provide different overlay images	1.locate blend 2.select blend 3.locate overlay 4.select overlay	valid image	Overlay feature should provide different overlay images	Overlay feature provides different overlay images	Pass
